Some Interesting Ball Games Among the Association Teams.

GENERAL SPORTING NEWS OF THE DAY

One of those ball games that disgusts cranks and makes everybody in general weary was played yesterday afternoon, at Recreation Park, between the Pittsburg and Toronto clubs. The visitors were shut out, and when that is said almost all interest is taken out of the contest. However, Horace and his men may compare with the big people of the League the fact remains that such aggregations as Toronto are just as palatable as strawberry jam to our sluggers. Toronto is really so far be-hind the Pittsburgs in playing abilities that a contest between the teams is not

worth seeing.

The attendance was poor, not more the 350 being present. The playing, general speaking, was of a poor kind. The dec ions of Umpire Aborgast gave much offen to the visitors, so much so that they refus to contribute their share of his fee.

WOULDN'T PAY THEIR SHARE.

Manager Phillips and Secretary Scan-drett each tried to induce the manager of the Torontos to pay, but he claimed that he had not been consulted about his engagement and, therefore, didn't think he was compelled to pay. The debt, for such it is, remains unpaid and its existence is not creditable to the Canadians.

One of the features of the game was the good showing of Allen at short. In the

second inning he got hold of a terrific bounder from Grimm's bat, throwing the bounder from Grimm's bat, throwing the runner out at first in a way that was purely first-class. Several times he made brilliant efforts, and it is safe to say that he is of that kind of material from which first-class men spring. President Nimick and Manager Phillips watched his work with delight. Little Nichols also showed up well, both in the field and on the bases.

Morris pitched three innings and con plained of a sore arm. Galvin then were in. Morris didn't show any speed worth the name. The probability is that if he ha been retained in the box he would hav been thumped all over the lot. Galvin wa hit quite frequently, but the old man ke the hits so well scattered that they were

COULDN'T MAKE A RUN.

In the sixth inning the first three men each made a corking single, but not one of them scored. One man was nabbed at the plate and "Jeems" trapped another at first. The fielding of the visitors was bad and Vickroy, their pitcher, was exceedingly wild. He was well supported by Grimm. The entire team, bowever, didn't seem to care whether they played or not.

In the second inning there were nine men at bat and only four runs scored. Dunlap led off and went to first on being hit by a pitched ball. Coleman got to first on the sucrifice of Dunlap. Burke muffed Nichols' fly, and Coleman scored—Nichols also reaching home on a muffed throw by Grimm. Kuchne went out on a fly to McMillan, and

Kuehne went out on a fly to McMillan, and Allen made a scratch hit. Morris followed with a good single and Sunday went to first on balls. Fields cracked out a good single, Morris and Allen scoring. A wild pitch, two errors and a single netted two more runs in the fourth, and two bases on balls, a single and an out gained another in the fifth. Following is the score:

THE GLOBE TROTTERS.

Ward's Team Scores Another Against Anso and His Men.

INDIANAPOLIS, IND., April 18.—The Spalding ball tourists participated in a street parade this afternoon, and then preceded by a band of music proceeded to Athletic Park, where a game was called at 3:30. The attendance was about 1,000, and the only notable features of the contest were the fine fielding of Crane and Earle's work behind the bat. Score:

THE COWBOYS AGAIN.

They Lay Out the Colonels Another Time

, by 6 to 8.

LOUISVILLE, April 18.—The weather was fine, attendance about 1.000. Louisville hit McCarthy hard and had the lead easily up to the eixth. Stratton pitched a splendid game, but with two hits in the sixth Kansas City, on Louisville's wretched fielding, scored seven runs. The umpiring was faulty both ways, with the balance rather against Louisville.

The Browns Place Their Bits and Beat the

CINCINNATI, April 18.—The St. Louis Browns again walloped the Cincinnatis to-day, in the second game of the series. The game abounded in lively batting, but the Browns were more fortunate in placing their hits, and they played a better game all around than the Cincinnatis. The fielding of Beard, Holliday and O'Neil was splendid, while Duffee and Comiskey excelled at the bat, the former knocking out two beautiful home runs. Score:

HAD A GOOD TIME.

The Herron Hill Club Opens Its Brunet's Island Grounds.

The splendid new grounds of the Herron Hill Gun Club, at Brunot's Island, were inaugurated yesterday. The attendance of shooters and spectators was large, and probably a more suc-cessful day's shooting has never been known here. The weather was excellent, and the contests close and exciting. The grounds were pronounced to be among the best in America. Al Bandle, the famous Cincinnati shot, was present and shot in first-class style. There were two matches at the Bandle clay birds. They go through the air much quicker than the or-dinary blue rocks, and the scores made off them were not high. Messrs. W. H. Bown and Samuel Shaner were reterees. Following are

Samuel Shaner were referees. Following are the winners:

First match, 10 blue rocks, entrance \$1—C.

M. Hostetter and Q. A. McClure divided first prize with \$\tilde{\text{\$\text{\$V\$}}}\$ each; G. E. Psinter, Alf Lawton and D. Wilkinson, second, with \$\tilde{\text{\$\text{\$V\$}}}\$ each; E. E. Shaner and H. W. Noir, third, with 7 each; Al Bandle, fourth, with 6; T. H. Ewing, fifth, with 5; J. A. Herron, sixth, with 4.

Eighth match, 10 Bandle clay birds, entrance \$1—Al Bandle, first, with 9; P. Kelsey and Charles Richardson, second, with 7 each; H. J. Levis, third, with 6; J. O'Hanlon, fourth, with 4.

Tracy's Sale.

NEW YORK, April 18.—The crowd of buyers which attended the second and final day's sale of the trotting stock of Secretary of the Navy Tracy was not so large as that of yesterday. The bidding, however, was a great deal more spirited and the prices realized much larger. The total receipts were \$112,900, and the average per head about \$1,200.

The members of the Pittsburg Cricket Club will commence practice playing at their Brush-ton grounds to-day. There will probably be a one-inning game between two scratch elevens. The grounds are in good condition.

ALLEN seems to be all right. THE Syracuse Stars will be here to-day. BARKLEY has signed with Ransas City.

TIM KEEFE insists on having his \$5,000 from the New Yorks. FREEMAN, the St. Louis pitcher, has been re-leased to Milwaukee.

PRESIDENT NIMICE thinks that St. Louis will again win the Association pennant.

THERE has evidently some of the gilt been knocked off the Cincinnati team this week. THE Philadelphia League club yesterday de- Co. this week.

feated the local cinb at Easton by a score of 11 to 5. THE latest report is to the effect that a deal is going on by which Rowe and White will go to Washington

A NOVEL ENTERPRISE.

tion of Mail and Express Matter. LAUREL, MD., April 18 -The Baltime Automatic Transit Company is conducting a series of experiments which the officers of the company believe will bring about a revolution in the transportation of express, mail and lighter freight. The company has constructed here a circular track, two miles constructed here a circular track, two miles in circult, upon which its experiments are conducted. The system of propulsion is much the same as on the ordinary electric railway. The Edison dynamo and the Sprague motor are employed. The overhead rail is the main feature in the system, a double flanged wheel on the car and motor catching upon it when the train is in motion.

The idea is to have stations, 25 miles or more apart, supplied with dynamos of suffi-cient power to furnish electric force enough cient power to furnish electric force enough to drive the train for a round trip. The company have been working for over a year past getting the experimental plant ready, and have made several trials of the system, which tentatively were quite satisfactory, a surprising speed being attained. The prejectors of this enterprise expect to work such a revolution in the carrying of mails and packages one may sit down to breakfast in Atlanta or Chicago and read the Baltimore and New York papers of the same morning.

morning.

The practicability of the scheme has been passed upon by Prof. W. C. Rowland, of the Johns Hopkins University, and Thomas A. Edison, the latter of whom is said to have declared it to be the greatest conception since the telegraph. ince the telegraph.

ATMOSPHERIC BLECTRICITY.

The Subtle Current Not to be Relled on for Predicting the Weather.

WASHINGTON, April 18.—Among the papers read before the National Academy of Sciences to-day was one by Prof. T. C. Mendenhall, President of Rose Polytechnic School, Terre Haute, Ind., giving the result of recent researches into atmospheric electricity. These researches, which have been conducted by Prof. Mendenhall for several years, were begun when he was connected with the signal serv-ice, and continued since his separ-ation therefrom under the direction of the chief signal officer. The idea was to deter-mine whether or not there was anything in the phenomenon of atmospheric electricity that could be utilized in making more certain the prognostications of the weather

bureau.

Prof. Mendenhall reports, as a result of his investigation, many interesting facts, but none of them of a practical benefit to the signal service. The noticeable electrical phenomens are contemporaneous with the duration of storms, and valueless in the line of predictions. Prof. Mendenhall will present a popular form of the subject Saturday afternoon in the regular course of lectures at the Smithsonian Institution.

DIED FROM A DOG BITE.

Fall River Suffering from a Succession of Cases of Hydrophobia.

(SPECIAL TELEGRAM TO THE DISPATCH.) FALL BIVER, MASS., April 18,-William T. Meekin died of hydrophobia, to-day, from the effects of a dog bite March 17. This is the fourth death from that disease in Fall River in eight months. On the 17th of March the boy, who is only 9 years old, was bitten by a dog, while trying to save his. est. The wound soon healed, and no evil effects were noticed until last Thursday, when he complained of a severe headache, which continued until Sunday. Then it was discovered that he could not swallow

None of the more violent symptoms of hydrophbia were manifested. The spasms occurred when he was offered food or drink, or ether was given the patient. The child' pulse was 90, Monday morning, increased to 120 Monday noon, was 140 at 9 A. M., Tuesday, at 6 P. M., Tuesday, it was 160 and at 9 P. M., the doctor could not count it. Death came about midnight, Tuesday.

NO ONE TO BLAME.

So the Coroner Decides in the Case of the Dayton Shooting.

DATTON, April 18 .- The Coroner of Miami county renders a verdict that the killing of Dora Webster by her cousin Joseph Heath was purely accidental. Previous to the indiscriminate handling of the revolver by the party of young people, Clinton, brother of Dora, had in the presence of all removed all cartridges from the cylin-der. Then followed playful snapping of the weapon at each other. During this time Clinton Webster, without the knowledge of any one else, slipped one cartridge back in-

any one else, slipped one cartridge back into the revolver.

While Joseph Reath and Dora Webster was struggling for pessesion of the weapon it was discharged, the ball entering Dora's brain and killing her. The Coroner concludes that while the parties may be exonerated from direct violation of the law, the fact remains that a precious life was lost by recklessness that was almost criminal.

To-Day and To-Morrow Are the days of our great Easter sale of fine clothing. We would request purchasers to call to-day, as the rush will be so great tocan to-oay, as the rush will be so great to-morrow as to inconvenience some. DANGER OF A DROP

It is Feared That the Coke Trade

Will Soon be Demoralized. An Automatic Railway for the Transports THE EVIDENCE AGAINST NEFF.

> Dozen Miners Burled by the Sudden Caving in of a Shaft.

ALL THE NEWS PROM NEARBY TOWNS CONNELLSVILLE, April 18.-The Cour fer review of the coke trade will say to-mor row: The coke trade is in grave danger of

demoralization. With the gradual shrink-age of demand and the waning prospects of any improvement this summer, some small operators and furnace firms are blowing out, and the number of idle ovens now aggregate one-fourth the total of the region. Continued overproduction and the consequent keen competition for orders have resulted in a cutting of rates that promises to end in another era of 90-cent coke, with all its attendant evils for both the operators and employes. The break began last month, and

employes. The break began last month, and after having beaten quotations down 10 cents per ton, took a breathing spell. A renewal of the fight was predicted in our last review. It has arrived here promptly.

The Courier was shown two letters from coke consumers in St. Louis, dated a few days ago. stating that the writers had been offered coke at \$1 per ton, demanding that this cut be met at once. It will, no doubt, be met and when it is there will be another attempt to reduce wages in the region. The operation of the 77 coke plants of the Connelisville region for the week ending on Saturday last shows 10,894 of the 13,265 completed ovens in blast and 2,571 idle, against 11,203 active and 1,986 idle the previous week.

As noted above there does not seem to be any fixed price for coke, but quotations are made as follows: Furnace coke, \$1 05; to dealers, \$1 15; foundry coke, \$1 25; crushed coke, \$1 50; all on board cars at ovens, per ton of 2,000

CONSPIRACY CHARGED.

The Accusing Evidence Against Neff in McCansland Murder Case. ISPECIAL TELEGRAM TO THE DISPATCE.1

MCCausiand Marder Case.

(SPECIAL TRIEGRAM TO THE DISPATOR.)

WAYNESBUEG, AprillE.—In the Neff murder trial the Commonwealth rested to-day at noon, two and a half days having been occupied with the hearing of their testimony. It is alleged that Neff was a conspirator before the commission of the crime, and the Commonwealth offered evidence to prove that he had made inquiries of several persons, who were presumed to know, as to the time McCausiand was expected to return to Greene county, and that he was informed by one witness that he would return on Saturday morning's boat.

McCausiand had left Daniel Stephenson's, with whom he stopped a few days before, taking a load of cattle to the river, whence he shipped them by boat to Pittsburg. It was his custom to return on Wednesday morning, and this was the time he was expected to appear again in Greene county, which was September 7, 1887. He did not return on that day, however, and the inquiries made by the defendant were after the time for his expected arrival had passed. These inquiries, together with other suspicious actions of the defendant, constitute the grounds upon which the the charge is made against him.

BOUND FOR OKLAHOMA A Determined Party of 25 Leaves Youngs-

town Armed to the Teeth. PRPECIAL TELEGRAM TO THE DISPATCH.1 YOUNGSTOWN, O., April 18.—A party of 25, under escort of B. P. Holmes, left here last night for Oklahoma. Their objective point is Edmond, where they expect to penetrate the center of the Oklahoma country and get located before the mass of the boomers have time to reach them.

Each member of the party was a traveling arsenal, as they purpose making it interesting for intruders who may attempt to drive them off.

A FATAL REMEDY.

The Careless Handling of Kerosene Causes n Destructive Explosion.

PEPECIAL TELEGRAM TO THE DISPATCH. PRANKLIN April 18. This morning Charles Rice, residing in Sugar Creek township, sought relief from asthma by rubbing kerosene on his breast, and while thus engaged fire was communicated to the can he was using from the stove. The can exploded, throwing the burning oil over Rice and burning him so badly that he will die.

The house was entirely destroyed, Mrs. Rice and the children escaping in their night clothes.

BURIED IN A MINE. Dozen Men Covered Up by Earth, One

Being Crushed to Denth. ISPECIAL TELEGRAM TO THE DISPATCH. READING, April 18.—At Farmington, this county, to-day, an ore mine, the shaft of which s 126 feet deep, caved in. Eighteen men were in the mine, and a dozen of them were partially covered with the failing mass. Richard Ettin-ger was crushed to death. The others suc-ceeded in crawling out without sustaining seri-

Eastly Scared by Bogns White Cape Youngstown, O., April 18.—Harry Swegger, a machinist, aged 20, residing at Niles, rester-day received a White Cap notice from practical jokers, stating that unless he treated his jokers, stating that unless he treated his mother-in-law better he would be taken out and whipped. Swagger took the matter seriously, and, drawing his wages last night, disappeared, leaving his young wife and child. His conduct had been exemplary, and the jokers did not suppose he would take the matter to heart.

Struck for the Last Time ISPECIAL TELEGRAN TO THE DISPATCH.)

WHEELING, April 18 .- John Bowers, who esidence is unknown, was struck by a grave residence is unknown, was struct by a grave train two miles north of this city this afternoon and out to pieces. He was lying across the track asleep. This is the same man who was struck by a train at Lazerville Wednesday of last week, and tossed about 30 feet.

Held on a Charge of Incendiarism. INPECIAL TELEGRAM TO THE DISPATCH. ALTOONA, April 18.—The hearing in the case of Herman Fowler, Thomas Springer and Daniel Rittman, charged with incendiarism, took place this afternoon before Mayor Turner, A number of witnesses were examined. Springer was held for court and the other two were held for a hearing on May 3, each furnishing \$1,000 bail.

SPECIAL TELEGRAM TO THE DISPATCH, 1 WILKESBARRE, April 18.-Fairmount col iery coal breaker, at Pittston, operated by W.
H. Harris, was levied on by the sheriff to-day.
Harris, who is a private operator, claims that he was discriminated against by the large coal and railroad companies, and was unable to compete with them.

Poor Judgment of Burglars. PEPECIAL TELEGRAM TO THE DISPATCH. FRANKLIN, April 18.-The large safe in Ray mond Brothers' general store, at Raymilton, was blown open by burglars last night. The explosion almost completely wrecked the large building. The thieves secured \$10 in 2-cent stamps and left \$600 in cash and several thousand in bonds and notes.

Smallpox Spreading Very Rapidly. INFECIAL TELEGRAM TO THE DISPATCE.: WILKESBARRE, April 18.—Reports from Nanticoke this afternoon say there are now 25 cases of smallpox in the borough. At Grand Tunnel, three miles from Nanticoke, the disease has broken out in a boarding house. It appears to be spreading in all directions. Gentlemen, a Great Stock of Neckwear,

MWFSu HUGUS & HACKE, A RAILROAD DEAL

The Allegation That Carnegie Will Build a Competing Line From the Lakes Backed Up by Some Interesting De-

The publication in this paper yesterday that the Valley (Ohio) Railroad stockholdof them was Andrew Carnegie, caused considerable talk in this city vesterday. People began to think that Mr. Carnegie means something more than mere newspaper talk, in procuring a new route for iron ore transportation from the lakes to Pittsburg.

He had complained bitterly of discrimination against ore consumers in Pittsburg by the existing railroads from the lakes. The road is about nine miles in length and extends from Cleveland to Val-

the lakes. The road is about nine miles in length and extends from Cleveland to Valley Junction, near Akron. It is believed that a scheme is on foot to run the road into Pittaburg, as a competitor of the Cleveland and Pittsburg Railroad.

Mr. Carnegie is absent from the city and his partner, Mr. Henry Phippe, Jr., was seen last night in regard to the matter. He simply said he knew nothing about the transaction, and that Mr. Carnegie only could tell positively whether he was interested in an enterprise to build a competing road from Cleveland to Pittsburg.

In yesterday's issue of the Cleveland Leader appeared the following:

The result of the election of directors at the annual meeting of the stockholders of the Valley Railway resteriay clearly indicates that the deal by which the property is to be transferred to Andrew Carnegie and his New York syndicate has been consummated. As stated in the Leader two months ago and reiterated yesterday, the new owners were not ready to show their hands by filling up the directory with members of the syndicate because of negotiations pending with other corporations whereby a right of way will be obtained into Pittsburg for the proposed through line. Hence it was that the new directors are Cleveland men, not heavy stockholders, but representatives of the party in power. The Board of Directors now consists of J. H. Wade, H. E. Payne, S. T. Everett, L. C. Riggius, D. L. King, and W. S. Jones. The three last named are the new directors. By the election yesterday Mr. J. H. Wade and Mr. S. T. Everett's checks paid Z. The control of the proposed in the near future. Mr. Everett is a grandson by marriage of Mr. J. H. Wade, Mr. J. H. Wade and Jr. of New York, is a grandson of the president of the road. Andrew Squire, Eaq., is the attorney who, on behalf of the company, looked after the legal question arising during the course of the negotiations. Mr. Jones is connected with Mr. Wade's.

man.
'I'd like to get a hold on that director, "said the Treasurer and chief negotiator, with a sligh frown.

who, on behalf of the company, looked after the legal question arising during the course of the negotiations. Mr. Jones is connected with Mr. Wade's.

It is probable that other directors, perhaps all of them, are favorable to the transfer of the property to the Carnegie syndicate, but if they are not Mr. Wade and his friends will be able to operate the road if the deal should fall shrough and to sell it to other parties if they should so desire. The slate for officers has been prepared and at the meeting of the directors of the old officers. President J. H. Wade, Vice President D. L. King, of Akron, Treasurer S. T. Everett, Secretary W. B. Porter, and General Manager William Thornburg will be re-elected.

"I will give you a ride to Pittsburg over the best road from Cleveland and in the finest coaches within a very short time," said a director of the Vailey Boad to a Leader reporter yesterday, "I will admit now that the Leader has in the main published the correct details of the deal. I don't know where you got your facts but you got them. The deal is all right and there is no doubt that it will be consummated just as the Leader has maintained from the start." Another director stated that the Vailey line to Pittsburg would be by way of Bergholz. A gentleman who was in town yesterday said that Mr. Carnegie purchased land in Pittsburg only linst week for the right of way into that city. The South Fenn line to the seaboard will be the eastern outlet for the Vailey, and a weatern line may hranch off at Canton. Mr. Carnegie, while in Harrisburg a few days ago, admitted that he was interested in the South Penn line to the seaboard will be the eastern outlet for the Vailey, and a weatern line may hranch off at Canton. Mr. Carnegie, while in Harrisburg a few days ago, admitted that he was interested in the South Penn to the extent of \$1,600,000, and he recently addressed the Pennylvania Legislature upon the abandonment of that unfortunate enterprise.

There were wild rumors of all sorts concerning the deal yesterday, an

frown.

This all shows that Mr. Carnegie was not elected a director, but intimates that his friends were.

Chaplain Milligan and ex-congressma W. S. Shallenberger, of Rochester, were sppointed a committee by the One Hundred and Fortieth Regiment Pennsylvania Volun-

They returned last evening. Chaplain Milligan said they had selected a site in what is known as the loup near the wheat field. Old soldiers will understand where the location is.

May Build Many Houses

It was reported yesterday that a syndicate of Philadelphia capitalists had purchased ground in the Tenth ward, Alfegheny, and proposed to build 1,000 dwelling houses. The report could not be confirmed, however, and City Assessor Hetsel says there has been no large transfers of land in that section of the city.
